

Shamley Green Environment Group Litter Pick Sat. 23 March 10.00

Calling all litter pickers! Join the Shamley Green Environment Group on Saturday 23rd March for a village-wide litter pick. Meet at 1000am outside the Arbuthnot Hall, bring your children and dogs too if you like! We have some suggested areas for picking, but do come with your suggestions too. We'll have hi-viz to fit everyone, please wear walking shoes and to minimise plastic please bring your own trug or bucket for rubbish collecting, but we'll also have bin-bags, rings to hold them open and litter pickers.

Of course there's a competitive element involving various forms of chocolate for the team collecting the most rubbish.

Join us for tea and homemade cake afterwards. We promise there'll be lots of lemon drizzle.

Other groups regularly litter picking in the village are the lengthsman started by Patrick Mannix, the SG Wombles, and lots of people just get on and bin it when you see it too. Our combined interest makes Shamley Green such a brilliant place to be. Keep up to date on SGE's activities on our website:
