

Fun Village Litter Pick

A fantastic number of people - pushing 40 strong - joined the Shamley Green Environment Group for a fun litter pick on Saturday 23rd March in beautiful spring weather. Volunteers roamed all around the village collecting a surprising amount of rubbish, much of which had either fallen off vehicles or sadly been thrown out of them.

Jim and Glynis Drummond kindly hosted tea and cakes afterwards at the Malt House, delicious bakes were freshly made by Jane Hoy, Gordon Elmes Rudd and Glynis Drummond.

The litter pick was organised by Kate Elmes Rudd for the Shamley Green Environment Group. SGEg have an ongoing programme of activity including - but certainly not limited to - the very active toad patrol, mowing programme for shared spaces, tree monitoring, pond maintenance oversight, swift project, wildflower diaries, bird walks, litter and recycling initiatives. Other groups regularly litter pick in the village too, together we do a great job in keeping our environment safe and beautiful for both people and animals.

If you'd like to know more about the Shamley Green Environment Group or join our next village litter pick in the Autumn we'd love to hear from you: kate@shamleygreenenvironment.co.uk
